

December 16, 2011

The San Dieguito Union High School District is using an on-line high school selection process for the 2012-13 school year. (Please refer to the District's website for details.) According to our records, your student is currently served on an Individual Education Plan (IEP) through Special Education. Because it is the obligation of the District to provide your student a free, appropriate, public education (FAPE), it is important that this be considered when making a high school selection. Please be aware that not all Special Education programs and/or classes are available at every high school. To ensure that appropriate services are available at the high school your student selects, please review the services offered at each high school.
