RE: Voluntary Student Accident Insurance

Dear Parent:

The San Dieguito Union High School District **does not** provide medical insurance coverage for school accidents. This means that you are responsible for the medical bills if your child gets hurt during school activities. The District makes student accident insurance available for you to purchase—if you are interested, please see attached application or contact your school site.

Many coverage options are available. The Student Health Care and High Option Full-Time (24-Hour Accident) plans are especially recommended for those students with no other insurance because they provide the most help when injuries occur. Student Health Care covers illness as well as injury, 24 hours a day. We strongly recommend the high option plans for students participating in interscholastic sports.

If your child does have other health coverage, student insurance may also be used to help pay those eligible charges not covered by other insurance (i.e. deductibles and co-payments). Also, the student insurance plans allow you to take your child to any doctor or hospital you choose.

Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses.

Some pupils may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. Information about these programs may be obtained by calling the California Uninsured Help Line at 1-800-234-1317.

Attached is information from two insurance providers, SD-KHAN and Myers-Stevens & Toohey & Co., Inc. The SD-KHAN program is a division of the Maternal, Child and Family Health Services, a unit in the Office of Public Health, County of San Diego, and the Health and Human Services Agency. The SD-KHAN program refers, educates and provides access to health care coverage through programs **such as** Medi-Cal and Healthy Families, and provides application assistance for the qualified families. For questions regarding the SD-KHAN program please call 1-800-675-2229. **Bilingual representatives are available for parents who need assistance in Spanish.**

Myers-Stevens & Toohey & Co., Inc. is a fully licensed broker/administrator providing insurance solutions to a wide variety of clients, including professional associations, municipalities, JPAs, school districts, private schools, universities, colleges, and special niche groups. Myers-Stevens & Toohey & Co., Inc. provides student accident and sickness insurance programs for over 20,000 schools in the West. If you have any questions Myers-Stevens, please call the plan administrator, Myers-Stevens & Toohey & Co., Inc., at (800) 827-4695, or (949) 348-0656. Definitions

An **Accident** is defined as a sudden, unexpected and unintended incident. **Covered Accident** means an Accident that results in Injury or loss covered by this Policy. An **Injury** is defined as Accidental bodily harm sustained by the Covered Person that results directly from an Accident (independently of all other causes) and occurs while coverage under the Policy is in force. **Medically Necessary** is defined as the services or supplies provided by a Hospital, Physician, or other provider that are required to identify or treat an Injury or Sickness and which, as determined by the Company, are: (1) consistent with the symptoms or diagnosis and Treatment of the Injury or Sickness; (2) appropriate with regard to standards of good medical practice; (3) not solely for the convenience of the Insured Person; (4) the most appropriate supply or level of service which can be safely provided. When applied to the care of an Inpatient, it further means that the Insured Person's medical symptoms or condition requires that the services cannot be safely provided as an Outpatient. **Sickness** is defined as illness or disease contracted by and causing loss to the Insured Person whose Sickness is the basis of claim. Any complications or any condition arising out of a Sickness for which the Insured Person is being treated or has received Treatment will be considered as part of the original Sickness.

Non-Duplication of Benefits (Excess Provision):

In order to keep premiums as affordable as possible, these plans pay benefits on a non-duplicating basis. This means, if a person is covered by one or more of these plans and by any other valid insurance or health agreement, any amount payable or provided by the other coverages will be subtracted from the covered expenses and we will pay benefits based on the remaining amount.

IMPORTANT NOTICE: If your child qualifies for Medicare, you must obtain a Medicare disclosure notice prior to applying for this insurance. Please contact our office for a copy of this notice.
