## It's time to register for 2010-2011 classes! What do you need to know to be ready?

by Jayme Cambra, Head Counselor

### High School Selection:

February will kick off the registration process for Fall 2010! The San Dieguito Union High School District opened the high school selection portal on Monday, January 11<sup>th</sup> for students to select the high school they wish to attend for the 2010-2011 school year. Current TPHS students will only need to select a high school if they are changing the high school they wish to attend for the 2010-2011 school year. To select a different high school, students and parents are asked to visit our district website high school selection link: [http://www.sduhsd.net/parents\\_students/high-school-selection\\_direction.htm](http://www.sduhsd.net/parents_students/high-school-selection_direction.htm).

Students will be able to select from one of the two comprehensive high schools, La Costa Canyon H.S. and Torrey Pines H.S. or one of the two academies, Canyon Crest Academy and San Dieguito Academy. If students do not make a selection, they will default to their current school. Students who wish to change their high school must make their selection by **Monday, February 8<sup>th</sup>**. Lottery selections for the academies will take place Thursday, February 25<sup>th</sup>, if necessary.

### Class Registration:

2010-2011 class registration will begin at TPHS on Monday, February 8<sup>th</sup>, 2010. Students will once again select classes online through their Aeries ABI Portal. Students and families will be asked to select and submit course requests online and will be

able to make changes while the website remains open. **The Aeries ABI portal will open on Monday, February 8<sup>th</sup> and will close on Monday, March 8<sup>th</sup>**. Selecting classes online is a great way to not only minimize errors, but also prepare students for the same process at the college level!

### How will the online course requesting work?

Counselors will visit English classes for current 9<sup>th</sup>, 10<sup>th</sup>, 11<sup>th</sup> grade students from Monday, February 8<sup>th</sup> until Tuesday, February 23<sup>rd</sup>. During these visits, counselors will share course offerings, explain high school graduation & college admission requirements, distribute registration contracts and review the online registration process. We will also have an online registration tutorial available on our counseling website: [www.tphs.net/counseling](http://www.tphs.net/counseling).

Students will then be asked to log into their Aeries ABI Portal account to submit their course requests as early as February 8<sup>th</sup>. **Please note: Students or families must have an active Aeries ABI Portal Account to be able to submit course selections.** (To activate your account, visit the counseling office secretary, Joanne Day or email her at [joanne.day@sduhsd.net](mailto:joanne.day@sduhsd.net)).

Counselors will be available in the media center on late start days, February 25<sup>th</sup> and 26<sup>th</sup>, from 7:45 a.m. until 8:45 a.m. to answer individual student class registration questions.

Students will be asked to submit their class selections online, and turn in their paper registration contracts to their English teacher. Counselors will return to English classes during the week of March 1<sup>st</sup> to pick up all completed registration contracts. **We require that ALL students and parents sign and complete the registration contract before turning it in to confirm that students have discussed their course selections with their parents.** Having student course requests as early as possible allows us to build a master schedule that caters to the needs of our students -- make sure to submit your course requests early!

Current students will have until Monday March 8<sup>th</sup> to submit their course requests online through the Aeries ABI Portal. After this date, students are required to visit their counselor to request course changes for the 2010-2011 school year. **The last day for students to make final changes to next year's course selections is Friday, May 28<sup>th</sup>.**

### Incoming 9<sup>th</sup> graders:

Incoming 9<sup>th</sup> graders will be invited to attend our Student and Parent Registration Night on Tuesday, March 16<sup>th</sup> in the TPHS Gym. Incoming 9<sup>th</sup> grade students and parents will then return to TPHS on either Wednesday, March 24<sup>th</sup> or Thursday, March 25<sup>th</sup> to meet individually with a counselor and turn in their course selections and registration contracts. Incoming 9<sup>th</sup> grade students will not register online. (continued on p. 2)

## The Time to Choose is Now!

Our District is entering its fourth year of High School Selection. Students in our District have the unique opportunity to select the high school that they want to attend within our district boundaries. Our high schools include Torrey Pines, La Costa Canyon, San Dieguito Academy, and Canyon Crest Academy. Sunset / North Coast High School is our alternative high school. Between January 11<sup>th</sup> and February 8<sup>th</sup>, students may go to the district website at [www.sduhsd.net](http://www.sduhsd.net) and select a high school. This is required for incoming ninth-grade students. Continuing students who are happy at their current schools do not need to do anything. They will automatically default to their current school. Continuing students should only go online to select a high school if they are interested in changing schools. Torrey Pines hosted Choices Night on Thursday, January 21, 2010. This evening highlighted our school's people, programs, vision, and ways that students and parents may get connected.

## Justice 101—Informative for Students, Staff, and Parents

Justice 101 was formed by Superior Court Judge Fred Link. This program has two parts to it: 1) An opportunity for seniors to go to the courthouse, sit in on real cases, and hear candid advice from judges, and 2) An opportunity for parents to hear Judge Link and other judges speak to them about the transition for kids from juveniles to adults. We have had several hundred seniors visit the courthouse, and I was lucky to attend, as well. The students found this experience to be engaging, relevant, frank, and meaningful. Judge Link was able to speak to them

about choices and legal/life ramifications, and the students were able to ask questions, too. As parents, you will have the opportunity to hear him and his message on **Wednesday, February 24<sup>th</sup>, at 7:00 p.m. in our gymnasium.** This event is open to the public and it is free. Because of the subject matter and the target audience, this is for parents only. We look forward to seeing you there!

## New Year, New Semester, New Goals

It's hard to believe it's 2010 of course, but we're also coming up on another transition—the new semester. Final exams are here, and we want our students to do their very best; these are the grades that count on their transcripts. Students will have a fresh start with the new semester, and we want them to get off on the right foot. Let us know if you need anything to support your child during this transition.

## Student-Led Campus Beautification Projects

Our students have done some amazing things recently to beautify our campus. Three atriums in our main building have been completely overhauled. Two of the atriums boast metal artwork that depicts students engaged in a variety of extra-curricular activities at our school, from sports, to visual and performing arts, to clubs and academic teams. A third atrium has been beautified with drought resistant succulents and it has a “nautical” look to it. In addition, ASB has beautified some landscaping outside the theater. More ideas are on the table, including a student showcase of artwork that will be displayed in the B building. Our students are truly amazing!

### Did you know?

- In the past six years, more than 143 San Diego deaths were attributed to underage drinking. And in 2008, more than 300 kids entered a county treatment program for their addiction to alcohol. (San Diego Youth Council)
- Forty-two percent of 11th graders reported drinking in the past 30 days. Ten percent of 9- and 10-year-olds have started drinking. (San Diego County Health and Human Services Agency)
- One in five teens in a serious relationship reports having been hit, slapped, or pushed by a partner. (National Center for Victims of Crimes)
- Young people and adults have been criminally charged with a felony for sending, receiving, or creating a photo involving a person younger than 18 in a sexually explicit or obscene image.
- Depending on the crime and the age, a high school student can be charged as an adult and the record can follow them for their entire life, including registering as a sex offender.
- Parents can be held criminally liable for hosting a party where alcohol is served.
- An entire college fund or retirement fund can be wiped out to pay for the defense of a teen's criminal act or for a rehabilitation program.

If any of these facts surprise you, the San Diego Superior Court wants you to hear what local teens are *really* doing with their friends, or on their cell phones and computers. Award-winning **Judge Frederic L. Link** of the San Diego Superior Court created and presents *Justice 101 for Parents*. It's a very candid discussion about what he sees in his courtroom every day: teens and young adults who make poor choices and wind up in serious legal trouble.

*Justice 101 for Parents* is an extension of *Justice 101 for Students*. The student version is available to high school seniors in San Diego County and is similarly geared toward the real impacts of making poor choices. Over the course of four days in January 2010, Torrey Pines' Class of 2010 had the opportunity to attend *Justice 101 for Students*. They visited a downtown courtroom where they attended an interactive presentation by Judge Link. They also experienced the justice system firsthand through observing actual court proceedings.

Judge Link is nationally recognized for speaking on the issues that teens face today, and after 29 years on the bench, he's seen

it all! He gives parents the straight facts—even those they may not want to hear—and he offers practical advice on how they can help their teens avoid situations that can destroy their lives.

Joining Judge Link in the presentation is Juvenile Court **Judge Carolyn M. Caietti**. Appointed to the bench in 2006, she shares Judge Link's passion for reaching youth on the brink of adulthood. She knows how critical it is to get through to them *now* about the dangers and responsibilities they face, and why it's so important that parents don't ignore what's really happening in their kids' lives.

Both Judges Link and Caietti are dynamic and animated speakers with a "no-holds barred" approach to addressing these tough issues. Together they present a powerful message.

- Don't think the facts above don't apply to you or your kids.
- Don't miss *Justice 101 for Parents!*

ASHA, which means "Good Hope" in Hindi, is dedicated to raising money to fight tuberculosis in the slums of India. At the Diwali Mela, an Indian gathering to celebrate the Hindu festival of Mela, they sold water and handcrafts from India to raise \$500. Club President, junior **Naveen Krishnamurthi** also got a \$500 donation from Qualcomm, who agreed to match the money the club raised at the festival. This year, the club's 15 members have raised \$2,200 so far! Way to go!

He competed in a World Power lifting competition in Laughlin and broke the record that had been set in 1999. He dead lifted just over 600 pounds, breaking the previous record by 27 pounds. He just missed breaking the record in the squat too. Congratulations, **Alex!**

Freshman **Charles "Spencer" Whiting** won first place in the "Volcom Peanut Butter Rail Jam" snowboarding contest at Mammoth Mountain, CA, 15-and-under category on December 13th, and now qualifies for the championships in April. Way to fly, **Spencer!**

^ Thanks to **Global Green Partnership** for beautifying an atrium in the B Bldg's 60's wing. During one weekend in December, 22 club members met to transform an atrium filled with weeds, tree stumps, and random debris into this lush succulent garden! Thank you, **GGP!**

Campus beautification efforts continued with Senior **Matt Spelich's** Eagle Project. For his project, Matt and members of Troop 713 of Boy Scouts of America and other volunteers from the ASB converted two glass atriums into a new sustainable sculpture garden. The atriums celebrate the various sports and performing arts programs at TPHS. Great job, **Matt!** ✓

### Facts to know about Provisional Licenses:

1. For the first 12 months of a provisional license, unless accompanied by a **PARENT** or **GUARDIAN** or a **LICENSED DRIVER NOT** on probation that is **25 OR OLDER**, you **MAY NOT** drive any passenger under the age of 20.
2. So what this simply means, if you have a provisional license and decide to drive off the campus for lunch, it is **AGAINST THE LAW** to have any passenger under the age of 20 in your car unless you are accompanied by a person who qualifies under rule #1. Your best bet is to take their lunch orders and bring it back to them! Or simply walk! It's not worth the trouble!
3. If you are stopped, you will be **CITED** and your vehicle could be **TOWED**.
